Text

Middle School Math Course 2, McDougal Littell

Missouri Grade Level Standards for Grade 7

Topics studied will be determined by the Missouri standards. These are listed at

<http://www.dese.mo.gov/divimprove/curriculum/GLE>

Units Studied

Unit 1: Number Sense, Patterns, and Algebraic Thinking

Unit 2: Fractions and Integers

Unit 3: Algebra, Proportions, and Percents

Unit 4: Geometry and Measurement

Unit 5: Counting and Probability

Assignments

Math assignments are given daily.

Student Calendars

Assignments, test dates, scores are to be recorded in the Math section of the Student Agenda daily.

Calculators

Calculators may be used by the student at appropriate times as directed by the teacher. Even though these may be used, it is expected that the student show the process in achieving the solution.

Quiz Corrections

Students may improve a quiz grade by making a quiz analysis and corrections. With this analysis, students find the errors and learn from them.

Grading

Total grade = + 30% of Assignments + 70% of Tests

Summary of

Progress Reports

A hard copy of the summary report will be sent to the parent via the student at the progress reporting times. The student must get a parent signature and return the note.

Web Page

Homework and other information can be found on my class web page. Please see above for the web address.
