WHAT IS IT?

Music with Mar. (MwM) is a fun,
parent/child music & movement
program for preschool aged children
6 months-5 years of age.

MwM was created in 1993 in Florida
by nationally recognized early
childhood speaker, educator and
recording artist Maryann (Mar.)
Harman. Over the past 15 years, the
program has grown with licensed
instructors across the U.S.

The program uses music as an
educational tool for brain based
teaching & activity. MwM differs
from other programs in that it does
not 'teach' music but uses music to
teach.
